EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Qi-Feng Ma on 3-1-2007.

The application has been amended as follows: In claim 1, line 2, the term "4-sided" was deleted.

Applicant's claim 12 of the response of 12-20-2006 has been canceled (applicant is not permitted to reuse old claim numbers even if those old claims were canceled) and has added new claim 34 to replace applicant's claim 12 of 12-20-2006.

34. (New) A gel apparatus of claim 1 wherein said front film and said rear film are stably coated with a layer of hydrophilic materials that include silicone oxide, polyvinyl alcohols, aluminum oxide, and other hydrophilic polymers.

In the specification, p. 5, l. 19, the phrase "and polyvinyl alcohol" was changed to -- polyvinyl alcohol, and other hydrophilic polymers--.

Support for the specification amendment and claim 34 can be found in the originally filed claim 23.

Art Unit: 1753

2. The following is an examiner's statement of reasons for allowance: The prior art does not disclose nor render obvious all the cumulative limitations of claim 1, with particular attention to the combination curved front film, curved middle frame, and curved rear film forming a curved rectangular cassette having the defined first and second openings. References such as Vesterberg (USP 4,374,723), Ferris et al (USP 3,499,833), Dahms (USP 4,111,784), and Anderson (USP 4,839,016) all teach various curved configurations for performing gel electrophoresis, but these various references do not disclose nor render obvious all the cumulative limitations of claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kaj Olsen whose telephone number is (571) 272-1344. The examiner can normally be reached on Monday through Friday from 8:00 A.M. to 4:30 P.M..

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Nam Nguyen, can be reached on 571-272-1342. The fax phone number for the organization where this application or proceeding is assigned is (571) 273-8300.
